

Purchase items through FromJapan Proxy Service

Detailed fee schedule found at:

fromjapan.co.jp/title/charge?lang=en

Step-by-step instructions:

1. Complete the free registration process to open a FromJapan account (fromjapan.co.jp).
2. Enter fromjapan.co.jp/title/service?lang=en in the address bar of your browser. Click on the **Auction Service Guide Section** heading.
3. Read through the step-by-step instructions for the 'Auction Bidding Service' and 'Shopping Service.' The information is so beautifully laid out on this page that there is no need to repeat the information here. The instructions are detailed and clear and the webpage provides links to each FromJapan page necessary to complete your transaction. All you need is the item's URL. If you get stuck anywhere in the process, FromJapan's customer service can provide assistance.
4. Copy the URL of the Yahoo auction item you wish to bid on and then paste it into FromJapan's order form (fromjapan.co.jp/auction?lang=en). You'll see the

step-by-step online instructions to submit your bid. We won't proceed any further since this assignment is to only get you familiar with FromJapan's purchasing process.

To place an order from an online store, click on the **Place an order (Shopping)** button and copy the URL into the space provided at the bottom of the page. Again, the step-by-step instructions to submit your order are very straightforward.
